

ULTIMATE GLOW+ ILLUMINATED LEATHER FIREFIGHTER GLOVES

FEATURES

- Revolutionary Photoluminescent Technology:** Absorbing UV light by day and emitting a potent afterglow in low light with a 555-nanometer wavelength, these gloves offer unparalleled visibility for firefighters, enhancing situational awareness for swift, safe navigation in high-risk environments, penetrating smoke where traditional flashlights falter.
- Advanced Grip and Abrasion Performance:** Premium cow leather in combination with suede leather is engineered to elevate your performance with increased grip and abrasion resistance, providing you with the confidence to tackle any task with precision and control.
- Open Gauntlet:** Designed for enhanced fit, this option ensures a secure yet comfortable fit around your wrist, allowing for unrestricted movement and flexibility.
- Knitted Wrist with Kevlar® Cuff:** Seamlessly integrating with fire gear, this cuff option provides a snug and secure fit, enhancing overall safety and protection in high-risk environments.
- Long Gauntlet (Texas Style):** Constructed from Nomex® fabric, this option is perfect for wearers requiring gloves over sleeves, providing an additional layer of thermal protection and peace of mind.
